

CLASSIC UNLIMITED

AFTER-WORK CONCERTS

ABOUT US

Classic Unlimited is a project aiming to promote classical music by presenting a different way of seeing, hearing, playing, living music.

We do this by approaching the crowd in a different way, focusing on the music and the message behind it. We try to discover the stories behind the music, the things that inspired the composers to write their masterpieces. Those are the things that make the music universal, because it comes from real life experiences that everyone has and knows. All of us have experienced the beauty of nature, the joy of dancing, the pleasure of playing, the sweetness of triumph as well as the bitterness of defeat, fear of all kinds or the pain of losing something or someone we love. We can find ourselves in the music, we can learn from it and, more importantly, we can redefine ourselves through it.

As music comes from life, we believe it is only natural that the music should be made and heard wherever life happens. It can be an office, a workshop, a store, a factory, as well as a museum, a library or a concert hall.

This special Classic Unlimited series brings music in your office, in your workshop or store, for your employees, customers and friends to enjoy an evening of music, stories and joy.

WHY AN AFTER WORK CONCERT

for your employees, customers,
business partners and friends

BE CREATIVE

Organizing a concert represents a great opportunity to reconnect with your customers, business partners, employees and friends.

TAKE CARE OF YOUR TEAM

Getting involved in artistic activities can prevent burn-out and support mental health according to the World Health Organization.

INSPIRE YOUR TEAM

Taking part in a new learning and artistic experience can boost motivation and support the comeback of employees to the office.

THINK OUTSIDE THE BOX

Transforming your office, workshop, store or factory into a concert venue for one day is an unconventional way of promoting your business.

SUPPORT THE ARTS

Enjoy a concert at your office while supporting local artists and cultural organizations.

HOW DOES IT WORK

We bring: the piano, the music, the stories. **And extras:** photographer, promo campaign.

You just have to lend your space to **Classic Unlimited** for one evening and we will transform it into an unconventional concert hall.

HOW DO WE GET THE PIANO IN

Wondering if your space is big enough to fit a piano in?

If your tallest colleague fits in the door and the space is big enough for 50 friends, it most likely is big enough for a small concert.

Your space is on the 6th floor?

Don't worry, the piano can take the elevator or the stairs. We have a special tool for it. :) Unless your stairs are very fragile. If you are not sure about it, take a picture and ask us.

Indoor or outdoor?

Both options are on the table. Keep in mind that we need nice weather for outdoor concerts.

Still wondering how it works?
